

## Step 4:

Some of the data from the er\_sites table has propagated into er\_samples.

Check that this data is correct, and fill in missing cells using controlled vocabularies.

(see Help button for more details)

	samples		sites	sample_class	sample_lithology	sample_type	sample_lat	sample_lon	sample_elevation
1	is031d	belongs to	is031	Extrusive		Baked Clay			
2	is031e	belongs to	is031	Extrusive		Baked Clay			
3	is031f	belongs to	is031	Extrusive		Baked Clay			
4	is032c	belongs to	is032	Extrusive		Baked Clay			
5	is032d	belongs to	is032	Extrusive		Baked Clay			
6	is032f	belongs to	is032	Extrusive		Baked Clay
